

In 2021, the Friday Night Supper Program received a \$2,500 grant from the BHCF to support our weekly meal service program and bi-weekly Clothing Closet at the Arlington Street Church for individuals experiencing homelessness and food insecurity in Boston. With this generous support, we prepared and served more than 4,000 hot, nutritious meals and distributed thousands of items of clothing, including waterproof winter boots, to our guests. We were also able to welcome our guests once again for in-person dining. Since the start of the Covid-19 pandemic, we have continuously modified our food service model, sometimes at the last minute, to ensure everyone's safety. Our service now includes in-person dining, to-go options and delivery to local shelters through our partnership with Rescuing Leftover Cuisine of Massachusetts. We are so grateful to BHCF for their support and commitment to the local community.
